DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Brian Hennessey on 05/02/2006.

2. The amendment dated 02/13/2006 has been entered.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

With regard to independent claims 13 and 31, the closest prior art of record is US Patent No. 4,797,830 (Baggarly et al). The Baggarly patent fails to disclose or suggest determining an expected gross profit to the marketer from the customer, and fails to disclose or suggest determining an expected return on investment for the marketer from one or more of the plurality of objects based on the determined access charge, as set forth in claims 13 and 31.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
